About Us

Welcome to The Lina Collection (or TLC as it is affectionately known)
We are a family business, proudly Australian made and owned.
Having worked in the fragrance industry for over 15 years, we have always admired how a fragrance has the power to transform. It can take you on a journey down memory lane, can complement a space, a moment – whether it be your home, your office or an occasion. A fragrance can leave a lasting impression. Fragrance is such a personal preference – we will continue to find new and exciting blends to meet your expectations. Our collection is forever evolving and includes candles, crystals, jewellery, home decor and flameless fragrance. Our tealights and jar candles are all made with 100% pure soy wax and lead-free cotton wicks – proudly non-toxic, and scented with specially selected fragrance oils. At The Lina Collection we pride ourselves on the quality of our products and invite you to see for yourself.
